##### Traveler Testing at Westmont Industries 099 E-TRE-FAB.099

☐

I left the hotel at 0630, and arrived at the Westmont Industries facility at 0700, and met with Cesar Canales, Manny Masias, Mike from Zumarc, and Roy Scott, CT pneumatics consultant. Between 0730 and 1400, the elevating platform was successfully tested on WB and EB E2/E3 Travelers.

At 1500, I left Westmont Industries for the airport. The flight was delayed for 2 hours, so I returned to Oakland, arriving at 2030.
